

EXHIBITION LAYOUT MNE2010

The Magazzini del Cotone Congress Centre (www.cotonecongressi.it) is structured to host the MNE2010 conference on three different floors. The presence of MNE attendees among exhibition booths is granted by the communication path between conference rooms: auditorium at 1st floor and parallel session rooms on 3rd floor (see sectional view). Moreover, coffee breaks, lunches and WiFi internet will be only available in the exhibition areas in order to increase the presence of MNE attendees around exhibition booths.
